Title: The Mayors

Author: Kirsten Draven WoC

Let it be known that
the Witches of Cove do
hereby notify the
cities of Corwyn and
PaxLair that the
mayors of said towns
are in the care of the
orcs at an undisclosed
location and are
safe...at this time.

The mayors have
spent the time of their
absence assisting the
orcs in their
defensive against the
savages but are
currently being held
for future assistance.

The WoC is able to
secure the release of
the mayors but the
price must be paid...
